F. Y. I.

- This document is a guide for completing your course of study in four years. **Entrepreneurship core modules are usually only offered in particular semesters as shown in this guide.** Other modules may be available in all three semesters each year. You may choose to pursue some non-core modules in the summer or in semesters other than those shown in this module selection guide. **Core entrepreneurship modules are to be selected first as these may not be repeated in the following semester.** Please contact your academic advisor for assistance in selecting your modules.
- Students who were unsuccessful in a core module must check with the School to see if it is being offered in the following semester.

Remember your Academic Adviser is here to support you in making your academic decisions!
